I. SUMMARY

Through this Request for Proposals (“RFP”), the Massachusetts Clean Energy Technology Center (“MassCEC”) is seeking community-based organizations (“CBOs”) and/or non-profit organizations to provide additional program support and participant engagement services for a soon to be launched statewide electric-assist bike (“e-bike”) pilot incentive program (the “Program”).

MassCEC has already selected a team led by Aptim Environmental & Infrastructure LLC (“Aptim”) to provide Program administration and evaluation for the Program. The selected organization under this RFP (“Awardee”) will support Aptim in Program execution, conduct participant engagement and trainings, and provide Program analysis to MassCEC. The Program is expected to launch in April 2025 and provide incentives in batches monthly through September.

This Program will provide targeted incentives to residents across Massachusetts to purchase an e-bike. E-bikes can provide a reliable form of clean transportation that can reduce greenhouse gas (“GHG”) emissions, decrease vehicle miles travelled (“VMT”), and support individuals lacking transportation access. However, e-bike adoption across the Commonwealth has been limited because e-bike costs are often inhibitive for low-to-moderate income (“LMI”) households. This Program aims to support e-bike adoption among LMI households while supporting the Commonwealth’s environmental goals.

II. ABOUT MASSCEC

MassCEC is a quasi-state economic development agency dedicated to accelerating the growth of the clean energy sector across the Commonwealth to spur job creation, deliver statewide environmental benefits and to secure long-term economic growth for the people of Massachusetts. MassCEC works to increase the adoption of clean energy while driving down costs and delivering financial, environmental, and economic development benefits to energy users and utility customers across the state.

MassCEC’s mission is to accelerate the clean energy and climate solution innovation that is critical to meeting the Commonwealth’s climate goals, advancing Massachusetts’ position as an international climate leader while growing the state’s clean energy economy. MassCEC is committed to creating a diverse, equitable, and inclusive organization where everyone is welcomed, supported, respected, and valued. We are committed to incorporating principles of diversity, equity, inclusion, and environmental justice in all aspects of our work in order to promote the equitable distribution of the health and economic benefits of clean energy and support a diverse and inclusive clean energy industry. MassCEC strives to lead and innovate in equitable clean energy and climate solutions.

III. PROGRAM GOALS AND DESCRIPTION

Transportation accounts for 37% of GHG emissions in Massachusetts, making it the state’s largest emitting sector. As part of the Commonwealth’s ambitious goal to achieve carbon neutrality by 2050, the Clean Energy and Climate Plan for 2025 and 2030 (“CECP”)¹ describes two (2) major goals to reduce transportation emissions. These include “transitioning most vehicles on the road to electric vehicles” and “reducing growth in total VMT by improving alternatives to personal vehicles.”² The CECP lists launching an e-bike incentive program as a key strategy towards meeting the latter goal. Further, the CECP also commits the Commonwealth to pursuing decarbonization strategies equitably, including facilitating the adoption of clean energy technologies by LMI residents.³

MassCEC has already demonstrated the effectiveness of e-bike programming in the Commonwealth. Under the Accelerating Clean Transportation for All (“ACT4All”) Program, MassCEC manages four (4) e-bike pilot programs that provide incentives to Priority Populations (as defined herein) including Environmental Justice Communities (“EJC”) and LMI households. As of December 2024, nine hundred and fifty (950) e-bikes have been deployed within the Commonwealth. These programs demonstrated that CBO and non-profit involvement with e-bike riders leads to high rates of participant engagement and ridership.

The goals of the Statewide E-Bike Participant Engagement & Support Program include:

1. Increasing Program participation within historically underserved communities through community and CBO engagement, language support, and culturally relevant outreach;
2. Encouraging ridership among Program participants to increase trip-frequency and decrease VMT;
3. Promoting safe riding practices through community riding events, safe routing training, and other resource development; and
4. Providing participants with information related to safe battery charging practices and basic bike repair and maintenance.

The Awardee should have experience working with Priority Populations and must be able to meet the goals of this Program within communities across the Commonwealth.

PROGRAM EQUITY

Reaching Priority Populations

MassCEC recognizes that reaching Priority Populations with incentive programs is often challenging. The Awardee must be able to reach Priority Populations across the Commonwealth. For the purposes of this RFP, Priority Populations may include but are not limited to:

- Low-income and essential workers;
- Workers in need of transportation access to job sites;
- Underrepresented groups in conventional bike usage and e-bike usage, such as communities of color;
- People with disabilities;
- Rural communities;
- Individuals in Environmental Justice Communities;⁴ and
- Residents in Gateway Cities.⁵

Geographic Equity Across the State

The Program is designed to equitably distribute incentives across the Commonwealth. Incentives will be deployed in proportion to the population in each Executive Office of Health and Human Services (“EOHHS”) region across the Commonwealth. Table 1 details the percentages for each region. Please note that the Boston and Metro West Regions have been combined to simplify the Program regions. The Awardee under this RFP must be able to support Program participants in each of the regions noted in Table 1.

Table 1: Percentage of E-Bikes Allocated to Each Region

Region	Percentage of Population
Western	13%
Central	14%
Northeast	23%
Metro West + Boston	29%
Southeast	21%

E-BIKE ELIGIBILITY

Fire Safety

All e-bikes purchased through the Program must be either Active UL 2849 or EN 15194 for battery and electrical components. Connecticut has already developed a list of eligible bikes that meet these criteria.⁸ The Awardee will be required to review and distribute materials related to fire safety and e-bike eligibility that are created and maintained by Aptim.

Price Limits

E-bikes are subject to the following price requirements:

- No minimum purchase price; maximum purchase price of \$5,000 for standard e-bikes.
- No minimum purchase price; maximum purchase price of \$8,500 for adaptive e-bikes.

The Awardee will be required to communicate these requirements to Program participants.

E-Bike Definition

Only e-bikes that meet the MA e-bike definition of “e-bike,” as detailed in Chapter 90 Section 1 of the Massachusetts General Law,⁹ are eligible for the Program.

The Awardee will be required to communicate these requirements to Program participants.

IV. ELIGIBILITY

Eligible applicants to the RFP include public sector entities, CBOs, and non-profit organizations. MassCEC strives to partner with organizations, companies, and entities that consciously work to create an equitable and fair work environment. MassCEC encourages teams to adopt fair and equitable hiring policies.

 - 2** Participant Engagement and Support Activities

SCOPE 1: PROGRAM MANAGEMENT AND REPORTING

The Awardee will conduct ongoing Program support for the Program. Program support and reporting will continue throughout the Program and in conjunction with work conducted in all other tasks.

Task 1A: Midpoint Report

The Awardee will submit a Midpoint Report detailing the reporting period, summarizing progress and tasks covered, planned work for the remainder of the Contract, identification of any problems and planned or proposed solutions to address identified problems, and costs incurred through the reporting period. The Midpoint Report should include:

- Name, date, and description of events held to date;
- Total number of attendees from events held to date;
- Planned work for the remainder of the program;
- Budget spent to date;
- Issues and solutions implemented to date; and
- A summary and analysis of any data collected to date;

Task 1B: Final Report

The Awardee will provide a Final Report summarizing lessons learned from their work and recommendations for future programming. The Final Report will be submitted not more than two (2) months after all the incentives are distributed, and must include:

- A summary of work conducted by the Awardee:
 - Overview of total impact with community and on the Program;
 - Total participant attendance across all events;
 - Total number of events held; and
 - Any other analyses proposed by the Awardee.
- Lessons learned from Program deployment;
- An analysis or discussion summarizing the impact of their work on Program ridership; and
- Recommendations for future Program design.

Task 1C: Meetings after Program Launch

The Awardee will meet with MassCEC on a bi-weekly or monthly basis, and as needed with Aptim, to discuss any Program challenges and provide updates on recent or upcoming events and activities.

SCOPE 2: PARTICIPANT ENGAGEMENT AND SUPPORT ACTIVITIES

The Awardee will conduct outreach and engagement to potential e-bike incentive applicants and selected Program participants in communication with Aptim. MassCEC expects the Awardee to be fully onboarded to the Program by May 2025. The Awardee should begin providing services ahead of the Program’s May e-bike distribution and throughout the remainder of the Program (through 2025).

Task 2A: Outreach Plan

In consultation with MassCEC and Aptim, the Awardee is expected to work with Priority Populations and CBOs to prepare outreach and educational materials and conduct statewide public outreach necessary for the Program to be successful. The Awardee shall clearly identify an outreach plan that contains, at a minimum:

- A list of other CBOs and other partners by region, as necessary;
- The types of outreach planned (e.g. printed materials, web-based, and social media);
- An approximation of the number of community events to promote electric bicycles (including electric bicycle demonstration) and the geographic location of those events;
- A strategy to engage Priority Populations through activities relevant to the community being served in the language(s) commonly spoken within the community; and
- Outreach materials, such as fact sheets, infographics, and other multimedia tools, such as videos, readily accessible on the website and in different languages, as appropriate to the community.

Task 2B: Assist In the Development of Outreach and Educational Materials

The Awardee is expected to consult with and support Aptim in preparation of outreach and educational materials, including possible consultations with MassCEC, other CBOs, and grassroots organizations. At a minimum, these materials will include information on:

- Riding in the winter;
- Conducting basic bike maintenance and repairs;
- Practicing safe routing and riding practices; and
- Fire safety and safe charging practices.

Task 2C: Distribution of Outreach and Educational Materials

The Awardee will assist Aptim in making available and distributing the materials created in Task 2B within communities across the Commonwealth.

Task 2D: In-Person Events to Program Participants

Using the strategy described in the outreach plan, the Awardee will engage Priority Populations through activities relevant to the community being served, and through the use of culturally-appropriate outreach and education materials in the language(s) commonly spoken within the community.

The Awardee is expected to support e-bike ridership across the state by utilizing resources and in-person events to help Program participants gain comfort with the following activities (at a minimum):

- Riding in the winter;
- Conducting basic bike maintenance and repairs;
- Practicing safe routing and riding practices; and
- Fire safety and safe charging practices.

Many relevant materials have already been created as part of ACT4All Program and other e-bike programs across the country. MassCEC expects to work with the Awardee and Aptim to identify pre-existing materials that can be used for this Program.

It is expected that the Awardee will host at least ten (10) in-person events, with one or more in each geographic area of the Commonwealth described in Table 1 above. The budget for these events should be detailed in the Budget Worksheet (Attachment C). **The incremental cost of additional events should also be detailed in this milestone.**

Task 2E: Conduct Translation for Communities Across the Commonwealth

MassCEC expects that the Awardee will be able to support e-bike applicants in two (2) or more in addition to English. Awardee should be aware that Aptim is already providing Spanish translation of program materials and a call center in Spanish.

The Awardee should be prepared to translate Program documents into two (2) or more of the following languages:

- Portuguese;
- Chinese (including Mandarin, Cantonese);
- Haitian Creole;
- Vietnamese;
- French (including Cajun);
- Arabic;
- Russian;
- Khmer; and
- Hindi

The Awardee does not need to hire a professional translation service if they have the ability to support multiple languages on their team. However, Google Translate, and similar tools, are not sufficient for the purposes of this RFP.

Please include all of the costs associated with translation in this task.

Task 2F: Case Studies

The Awardee will prepare a case study for an e-bike recipient in each of the five (5) regions of the Commonwealth detailed in Table 1 for a total of five (5) case studies. These case studies will

be designed to be shared on MassCEC’s social media platforms and will include information on how the e-bike impacted the recipient’s life.

Task 2G: Additional Scopes/Tasks

Proposals may include additional tasks and activities to support Program participants. Proposals should explain how these additional elements may enhance participant support and the success of the Program.

12. **Audit:** Contractor shall maintain books, records, and other compilations of data pertaining to its activities pursuant to this Agreement to the extent and in such detail as to properly substantiate claims for payment and Contractor's performance of its duties under the Agreement. All such records shall be kept for a period of seven (7) years, starting on the first day after final payment under the Agreement (the "Retention Period"). If any litigation, claim, negotiation, audit, or other action involving the records is commenced prior to the expiration of the Retention Period, all records shall be retained until completion of the audit or other action and resolution of all issues resulting therefrom, or until the end of the Retention Period, whichever is later. MassCEC or the Commonwealth or any of their duly authorized representatives shall have the right at reasonable times and upon reasonable notice, to examine and copy at reasonable expense, the books, records, and other compilations of data of Contractor which pertain to the provisions and requirements of the Agreement. 13. **Indemnification:**
 - a. To the fullest extent permitted by law, Contractor shall indemnify and hold harmless the Commonwealth, MassCEC, and each of their respective agents, officers, directors, and employees (together with the Commonwealth and MassCEC, the "Covered Persons") from and against any and all liability, loss, claims, damages, fines, penalties, costs, and expenses (including reasonable attorney's fees), judgments and awards (collectively, "Damages") sustained, incurred or suffered by or imposed upon any Covered Person resulting from (i) any breach of this Agreement or false representation of Contractor, its officers, directors employees, agents, subcontractors, or assigns under this Agreement, or

- a. Contractor hereby agrees to protect the physical security and restrict access to all data compiled for, used by, or otherwise in the possession of Contractor in performance of the Services in accordance with reasonable business practices and as otherwise provided in this Agreement. Contractor, at all times, both during and after any termination of this Agreement by either party, shall not in any manner, directly or indirectly, use any Confidential Information for Contractor's own benefit, or divulge, disclose, or communicate in any manner, or otherwise make available such Confidential Information, unless expressly authorized to do so in writing by an officer of MassCEC. Confidential Information shall not include (i) information which was in the public domain at the time of disclosure to Contractor; (ii) information which is or becomes generally known or available to the public through no act or failure to act on the part of Contractor; or (iii) information the disclosure of which is required by law or court order, provided the Contractor gives to MassCEC prompt, prior written notice of any such disclosure.

- c. Contractor has read and agrees to comply with, and will cause its agents, officers, directors, employees, and subcontractors to comply with, the provisions of this Section. Contractor agrees, for itself and for its agents, officers, directors, employees, and subcontractors, as follows:
 - i. Not at any time, whether during or after the termination of this Agreement, to divulge, disclose, or reveal to any person any Confidential Information, whether or not such information is produced by Contractor's own efforts, except (A) as specifically required in connection with the fulfillment of Contractor's obligations hereunder, or (B) as otherwise directed by MassCEC in connection with a disclosure request under M.G.L. c. 66 (the "Public Records Law"), a request for discovery, subpoena, court, or administrative order or other compulsory legal process, disclosure requirement or request relating to such Confidential Information;
 - ii. Not at any time, whether during or after the termination of this Agreement, use any Confidential Information for Contractor's direct or indirect financial or other benefit or for the benefit of any Person related to or affiliated with Contractor or with whom Contractor is now or hereafter associated, other than MassCEC, nor will Contractor use or attempt to use any Confidential Information in any manner which could reasonably be expected to injure or cause loss, whether directly or indirectly, to MassCEC or any applicable third party;
 - iii. In the event that Contractor (or any of its agents, officers, directors, employees, or subcontractors) is questioned about Confidential Information by anyone who has not demonstrated to Contractor that it is authorized to receive or have access to such Confidential Information, or is asked to provide Confidential Information to any such Person, Contractor agrees to promptly notify MassCEC and respond to the inquirer in accordance with MassCEC's instructions; and
 - iv. Not at any time, whether during or after the termination of this Agreement, reproduce any materials containing Confidential Information except to the extent necessary to perform Contractor's obligations under this Agreement, nor make or use (or permit any of its agents, officers, directors, employees, or subcontractors to use) any materials other than in connection with the performance of Contractors' obligations under this Agreement and for the benefit of MassCEC, it being understood and agreed that all materials are, shall be and shall remain the sole and exclusive property of MassCEC, and immediately upon the termination of the Agreement for any reason, Contractor shall deliver all copies of MassCEC's confidential materials and all other property of MassCEC in its direct or indirect possession or control to MassCEC, at its main office. In addition, Contractor shall, upon termination of the Agreement, within ten (10) days, return all materials and Confidential Information, held by Contractor as data stored on computers, floppy disks, CD-ROMs, or other electronic media.

- d. Contractor shall collaborate directly with MassCEC to prepare any public statement, media strategy, webpage update, or announcement relating to or bearing on the work performed or data collected under this Agreement, or to prepare any press release or for any news conference in which MassCEC is concerned or discussed. The aforementioned includes, but is not limited to, any media pitches, interviews, embargoed materials, photo opportunities, blogs, guest columns, media events, or editorial boards which relates to this Agreement or MassCEC.
- e. Notwithstanding the foregoing, Contractor is hereby notified that in accordance with the Defend Trade Secrets Act of 2016 (18 U.S.C. Sec. 1833(b)), as amended, Contractor will not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that: (a) is made (i) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law; or (b) is made in a complaint or other document that is filed under seal in a lawsuit or other proceeding.

15. Public Records and CTHRU: [Include if you anticipate receiving confidential information]

As a public entity, MassCEC is subject to the Commonwealth's Public Records Law, codified at M.G.L. c. 66 (the "Public Records Law"). Contractor acknowledges and agrees that any documentary material, data, or other information submitted to MassCEC are presumed to be public records. An exemption to the Public Records Law may apply to certain records, including materials that fall under certain categories of a statutory or common law exemption, including the limited exemption set forth in General Laws Chapter 23J, Section 2(k) regarding certain types of confidential information submitted to MassCEC by an applicant for any form of assistance. Contractor acknowledges and agrees that MassCEC, in its sole discretion, shall determine whether any particular document, material, data, or other information is exempt from or subject to public disclosure. MassCEC urges Contractor to carefully consider what documents, materials, data, and other information it submits to MassCEC in connection with this Agreement.

In accordance with the Public Records Law, MassCEC generally considers the following types of information confidential:

- [fill in as necessary]

[Include if you do not anticipate receiving confidential documents] As a public entity, MassCEC is subject to the Commonwealth's Public Records Law, codified at M.G.L. c. 66. Thus, any documentary material, data, or other information received by MassCEC from an applicant is a public record subject to disclosure. Contractor acknowledges and agrees that MassCEC, in its sole discretion, shall determine whether any particular document, material, data, or other information is exempt from or subject to public

disclosure. Contractor agrees and acknowledges that it shall not send MassCEC any confidential or sensitive information under this Agreement.

[Always include] Contractor agrees and acknowledges that MassCEC shall have the right to disclose the name of Contractor and/or payee, the amount of any payments under this Agreement and any other information it may deem reasonably necessary on CTHRU, the Commonwealth's online database of state spending, or any other applicable state spending website.

- 16. Ownership of Deliverables:** Except for the Proprietary Software Platform, all data, webpage(s), software, or other intellectual property developed or purchased by the Contractor or subcontractors and documents created by contractors and subcontractors associated with this program belong to the Commonwealth and may be subject to public record laws.
- 17. Tax Forms:** MassCEC will record payments to Contractor on, and provide to Contractor, a United States Internal Revenue Service ("IRS") Form 1099, and MassCEC will not withhold any state or federal employment taxes on Contractor's behalf. Contractor shall be responsible for paying all such taxes in a timely manner and as prescribed by law. Contractor shall provide MassCEC with a properly completed IRS Form W-9 (the "W-9"). Failure to provide the W-9 shall be grounds for withholding payment until such W-9 is received. The W-9 must be emailed to finance@masscec.com. For all tax-exempt entities (including government entities), a tax-exemption certificate or IRS tax-exemption determination letter must be emailed to finance@masscec.com.
- 18. Choice of Law:**
 - a. This Agreement and the rights and obligations of the Parties shall be governed by and construed in accordance with the laws of the Commonwealth, without giving effect to its conflict of laws principles. Any dispute arising out of or relating to this Agreement or its breach, termination, or invalidity, whether before or after termination of this Agreement, if not resolved by negotiation among the Parties within thirty (30) days after such dispute is raised by either Party in writing, will be settled by binding arbitration by a single arbitrator in accordance with the Commercial Arbitration Rules of the American Arbitration Association then in effect, and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction over this Agreement. Any such arbitration will be conducted in or near Boston, Massachusetts. The prevailing Party shall be entitled to receive from the other Party its reasonable attorney's fees and costs incurred in connection with any action, proceeding, or arbitration hereunder.
 - b. This Section shall not be construed to limit any other legal rights of the Parties. Each Party acknowledges and agrees that any breach or threatened breach of this Agreement by the other Party may result in substantial, continuing, and irreparable damage to the first Party. Therefore, before or during any arbitration, either Party may apply to a court having jurisdiction for a temporary

restraining order or preliminary injunction, where such relief is necessary to protect its interests pending completion of the arbitration proceedings.

- 19. Independent Status:** Nothing in this Agreement will be construed or deemed to create a relationship of employer and employee, partner, joint venturer, or principal and agent between MassCEC and Contractor, its officers, directors, employees, agents, or assigns.
- 20. Counterparts:** This Agreement may be executed in two (2) or more counterparts, and by different parties hereto on separate counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.
- 21. Severability:** Each provision of this Agreement shall be treated as a separate and independent clause and any decision from a court of competent jurisdiction to the effect that any clause or provision of this Agreement is null or unenforceable shall in no way impair the validity, power, or enforceability of any other clause or provision of this Agreement.
- 22. Amendments and Waivers:** MassCEC may amend Section 15 (without any action by Contractor) to reflect changes in law or MassCEC policies and shall promptly deliver any and all such amendments to Contractor in the manner provided in Section 8. Except as provided in the immediately preceding sentence, no amendments to or modifications of this Agreement, and no waiver of any provision of this Agreement, shall be effective unless the same shall be in writing and shall be signed by each of the Parties. Any waiver by MassCEC of a breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach of such provision or any other provision of this Agreement. Forbearance or indulgence in any form or manner by a Party shall not be construed as a waiver, or in any way limit the remedies available to that Party.
- 23. Force Majeure:** Neither Party shall be liable or responsible to the other Party, nor be deemed to have breached this Agreement, for any failure or delay in fulfilling or performing any term of this Agreement, when and to the extent such failure or delay is caused by or results from acts beyond the impacted Party's ("Impacted Party") reasonable control, including, without limitation, the following force majeure events ("Force Majeure Events"): (a) acts of God; (b) flood, fire, earthquake, or explosion; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot, or other civil unrest; (d) actions, embargoes, or blockades in effect on or after the date of this Agreement; (e) national or regional emergency; and (f) strikes, labor stoppages or slowdowns. The Impacted Party shall give notice within two (2) days of the Force Majeure Event to the other Party, stating the period of time the occurrence is expected to continue. The Impacted Party shall use diligent efforts to end the failure or delay and ensure the effects of such Force Majeure Event are minimized. The Impacted Party shall resume the performance of its obligations as soon as reasonably practicable after the removal of the cause. In the event that the Impacted Party's failure or delay remains uncured for a period of ten (10) days following written notice given by it under this Section, the other Party may thereafter terminate this Agreement upon fifteen (15) days' written notice.
- 24. Binding Effect, Entire Agreement:** This Agreement shall be binding on the Parties and their respective successors and permitted assigns, and shall inure to the benefit of the

Parties and their respective successors and permitted assigns. Except as provided in the immediately preceding sentence, nothing in this Agreement shall be construed to create any rights or obligations except between the Parties, and no Person shall be regarded as a third party beneficiary of this Agreement. This Agreement embodies the entire understanding and agreement between the Parties with respect to the subject matter of this Agreement and supersedes all prior oral or written agreements and understandings relating to such subject matter. No statement, representation, warranty, covenant, or agreement of any kind not set forth in this Agreement will affect, or be used to interpret, change, or restrict, the express terms and provisions of this Agreement. Furthermore, neither Contractor's nor any of its subcontractors' provision of services under this Agreement implies, establishes or otherwise creates any rights or expectations of additional contracts with the MassCEC, whether related or unrelated to the subject matter of this Agreement.
